

# KS1 Acceptable Use Policy

I will use the school's ICT equipment and tools (including iPads, cameras, Purple Mash etc.) for school work and homework.

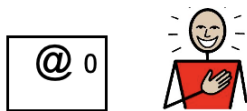

I will only use the internet when an adult is nearby.

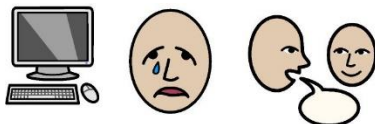

I will not share my passwords with other people and will tell my teacher if I think someone else knows them.

I will ask an adult before opening a message from someone I don't know.

I will try my hardest to only send messages which don't upset other people.

If I see something on a screen which upsets me, I will always tell an adult.

I will do my best to follow these rules because I know they are there to keep me and my friends safe. If I don't follow these rules, I know that my teacher may stop me using technology at school and talk to my parents about how I use technology.
